Experience

Twitter

Software Engineer
Software Engineer Intern

July 2014 - Present
Aug 2013 - Dec 2013

- Part of the Ads ROI (Return On Investment) and Performance Ads teams.
- Built and implemented new features around products aimed at improving the performance of ads (ie. CPM/CPE/CPA).
- Worked on ads front-end infrastructure, tools, and internal libraries used throughout ads and other engineering orgs.

Copious

Software Engineer Intern

Jan 2013 - Apr 2013

- Worked on key features of the online social marketplace, including infinite scrolling, listing modals, custom typeaheads, and browser URL/history management.
- Implemented a system used to handle social content in comments, such as @mentions and #hashtags.

SkyWave

Software Developer

Apr 2012 - Aug 2012
Aug 2011 - Dec 2011

- Primary developer responsible for building a new company-wide, internal issue management system from the ground up.
- Developed plugins for integrating multiple version control systems with the internal issue management system.
- Maintained and enhanced the internal product admin, data tracking, and issue management websites.

IBM Canada

Technical Analyst

Jan 2011 - Apr 2011

- Tested, troubleshooted, and wrote publicly-visible documentation for the Cognos 8 BI (Business Intelligence) product.
- Provided technical support for live production, development, and test systems.

Ramsoft

Software Quality Assurance Specialist

May 2010 - Aug 2010

- Tested, troubleshooted, and wrote documentation for RIS/PACS software solutions.

Education

University of Waterloo

Bachelor of Computer Science

Sep 2009 - Apr 2014

- Enrolled in the Honours Bioinformatics Option.
